ACKNOWLEDGEMENTS

IRST and foremost, we would like to express our sincere gratitude towards our guide **Dr. Dhaval Patel**, Assistant Professor, Dept. of Computer Science and Engineering, IIT Roorkee for his ideal guidance throughout the entire period. We want to thank him for the insightful discussions and constructive criticisms which certainly enhanced our knowledge as well as improved our skills. His constant encouragement, support and motivation were key to overcome all the difficult and struggling phases.

We would also like to thank **Department of Computer Science and Engineering, IIT Roorkee** for providing the lab and other resources for the project work. Also, a special thanks to **IBM Watson** for providing us access to the Alchemy API which was important for the completion of the project.

Finally, we appreciate the help of all our friends for keeping us motivated and providing with valuable insights as a part of various healthy discussions.
